FAB SUPERSTARS JUDGING CRITERIA

The FAB Superstars Awards, now in its third year, is a programme that recognises the efforts and achievements of staff in the travel food & beverage sector around the world.

This is an opportunity for the travel F&B community to recognise and reward the efforts and actions of front-line and back-of-house employees during what has continued to be a challenging time over the past year. While it is an almost impossible task to 'judge' the good deeds and well-meaning actions of people in general, an official process helps to do so fairly and with careful, measured consideration.

We can guarantee that judging will not be influenced by the amount of money spent on an entry, by presentation size or by drafting in marketing and PR expertise. Rather, we are interested in the people nominated and the stories behind their actions. What is it that makes them such priceless employees? How far have their actions reached? Please tell us in your own heartfelt words and share details that are soul inspiring and motivational.

At the same time, however, please also bear in mind that clear structure and presentation, plus the clarity of each entry, will really help streamline the judging process. The following guidelines should therefore be used:

The written summary component of entries should not exceed 800 words in total and should cover events that have taken place between 1 August 2022 up to 1 July 2023. It can be submitted in Word or PDF format. Please also provide a short quote (approx 50 words) to summarise the nominee(s) / nomination and a high resolution image that can be used for media purposes (virtual award ceremony, online editorial, print).

In addition, entrants will be able to upload supporting documents, information, images and video to the nomination portal once registration is complete – please go to <https://airportfab.events/the-fab-superstars-awards-2023/> for further information. There is a nominal admin fee of US\$39 per submission.

Each written entry should include information under the following suggested headings:

Overview

Please define and describe who, what, why, where and when as succinctly as possible in a brief synopsis / introduction.

Scope & Reach

Questions to answer could be: Who was positively affected? How far reaching were their actions? What differences were made / felt? Was this external or internal within your business?

Measured Success

This can cover events such as happy customer service outcomes and results, how a new way of doing business was actioned company-wide as a positive example or even by providing evidence of quantifiable improvements in business.

The Exceptional

Please let us know why the nominee(s) deserves the award. What is it that makes them and their actions exceptional, outstanding and exemplary?

Important Additional Information

Award entries are being invited from today until the closing deadline of 31 July 2023.

All entries should also be validated by senior management – this can be done on the nomination portal.

To reach as far and wide as possible, each of the two main award categories will be divided into four geographic and two department sub-categories in order to fully recognise and celebrate a diverse range of employees across the world for their passion, hard work and dedication. Each main category award will therefore recognise the following subcategories:

Regional

- ★ Europe
- ★ Asia Pacific
- ★ Middle East & Africa
- ★ Americas

Departmental

- ★ Front of House
- ★ Back of House – Kitchen / Stores / Admin / Logistics

Please note: when entering nominees on the Nominate page, please select the regional and department subsection for each award category you wish to enter.
